16th March 2020

Good afternoon Ocean Ridge Junior Football Club Members,

Following advice from our health organisations and extensive consultations with the committee groups, our club has made the decision to cancel training at this time, due to the Coronavirus COVID-19.

All training has been cancelled effective immediately until further notice. This action has been taken to ensure your safety, as well as all of those invested in our club and the wider football community. We as a junior club have not taken this decision lightly, consequently we will endeavour to have our kids back on the ground playing football as soon as possible.

I understand that this may be troubling for some, especially our new players who want to learn as much as they can prior to the season starting.

During this period ORJFC will endeavour to put up as much training material as we can on our website, as well as some exercises for members to complete in your own time to maintain fitness levels. At this stage, we are all in this together as a community. It is important that we are following the advice of the relevant health and government authorities, along with the sport's governing bodies, while doing our best at keeping our heads in the game and ready to go.

Please do not consider this to be a permanent measure, as we receive information the club will ensure it is forwarded on to you.

The club will be working through other processes and sharing updates in the coming days and weeks, as information comes to hand in this rapidly evolving space.

Please check Ocean Ridge Junior Football Club's social media, website and email for further updates.

<https://orjfc.com.au/>

I would like to take this opportunity to ask all our members to take care of yourselves and others if you have capacity. As a community we can work through this, using the time to spend with families and get some of those jobs at home done!

Take care, looking forward to seeing you all soon!

ORJFC - President
Sharon Wood-Kenney
